- c. Provides an official scorekeeper and pitch counter and they shall sit in a location easily accessible by the umpire, preferably behind the backstop.
- d. Must provide 3 new baseballs for the game, and 1-2 good used ones
- e. Home team takes their infield first, 25 minutes prior to game start time.
- f. If there is no plate umpire provided by the league, the home team is responsible for providing a plate umpire.

**Note:** The Official Scorekeeper is considered neutral and must not communicate information, such a team batting out of order, to anyone other than the plate umpire only when requested.

### 3. Visiting Team

- a. Occupies the third base dugout.
- b. Visiting team takes their infield last, 15 minutes prior to game start time.
- c. If there is no base umpire provided by the league, the visiting team is responsible for providing a base umpire.

### 4. Line-ups

Line-ups, including first and last names of players, must be submitted to the plate umpire during the plate meeting prior to the game starting (top two copies). Each manager should provide a copy of their line-up to both scorekeepers at least 10 minutes prior to game start (bottom two copies).

### 5. Pitching

- a. Any player on a team may pitch. There is no limit to the number of pitchers a team may use in a game. **Exception: Any player, who has played the position of catcher in four (4) or more innings in a game, is not eligible to pitch for the remainder of that calendar day.** A player who played the position of catcher for three (3) innings or less, moves to the pitcher position, and delivers 21 pitches or more (15 and 16 year olds: 31 pitches or more) in the same day, may not return to the catcher position on that calendar day. **EXCEPTION:** If the pitcher reaches the 20 pitch limit (15 and 16 year olds: 30 pitch limit) while facing a batter, the pitcher may continue to pitch, and maintain their eligibility to return to the catcher position, until any one of the following conditions occur: (1) that batter reaches base; (2) that batter is retired; or (3) the third out is made to complete the half inning or the game.
- b. A pitcher removed from the mound but remaining in the game defensively, moving to a different position, can return as a pitcher anytime in the remainder of the game, but only once per game. Further, any pitcher removed by rule (removed due to 2nd mound visit in an inning, 3rd mound visit in a game), cannot return to the mound in that game, period.
- c. The manager must remove the pitcher when said pitcher reaches their limit:  
League Age 13 to 16 = 95 pitches  
League Age 11 or 12 = 85 pitches

The pitcher removed may remain in the game at another position.

**Exception:** If a pitcher reaches a day(s) of rest threshold while facing a batter, the pitcher may continue to pitch until any one of the following conditions occurs: (1) that batter reaches base; (2) that batter is retired; (3) the third out is made to complete the half inning. The pitcher will only be required to observe the calendar day(s) of rest for the threshold he/she reached during that at bat, provided that pitcher is removed before delivering a pitch to another batter.

## 2025 Interlock Supplementary Rules

**Note:** If a pitcher reaches 40 pitches while facing a batter, the pitcher may continue to pitch, and maintain their eligibility to play the position of catcher for the remainder of that day, until any one of the following conditions occurs: (1) that batter reaches base; (2) that batter is retired; or (3) the third out is made to complete the half-inning or the game. The pitcher would be allowed to play the catcher position provided that pitcher is moved, removed, or the game is completed before delivering a pitch to another batter. If a player delivers 41 or more pitches, and is not covered under the threshold exception, the player may not play the position of catcher for the remainder of that day.

- d. Pitchers must adhere to the following rest requirements:

**League age 15 and 16:**

76 or more pitches in a day, four (4) calendar days of rest.

61 to 75 pitches in a day, three (3) calendar days of rest.

46 to 60 pitches in a day, two (2) calendar days of rest.

31 to 45 pitches in a day, one (1) calendar day of rest.

1 to 30 pitches in a day, no calendar days required.

**League age 14 and under:**

66 or more pitches in a day, four (4) calendar days of rest.

51 to 65 pitches in a day, three (3) calendar days of rest.

36 to 50 pitches in a day, two (2) calendar days of rest.

21 to 35 pitches in a day, one (1) calendar days of rest.

1 to 20 pitches in a day, no calendar days required.

**Note:** No player shall pitch on three (3) consecutive days.

- e. Pitching in more than one game in a day:

**Intermediate: A player may not pitch in more than one game in a day;**

**Junior and Senior:** A player may be used as a pitcher in up to two games in a day. **NOTE:** If a pitcher reaches 30 pitches while facing a batter in the first game, the pitcher may continue to pitch, and maintain their eligibility to pitch in the second game on that day, until any one of the following conditions occurs: (1) that batter reaches base; (2) that batter is retired; or (3) the third out is made to complete the half-inning or the game. The pitcher would be allowed to pitch in a second game provided that pitcher is moved, removed, or the game is completed before delivering a pitch to another batter. If a player delivers 31 or more pitches in the first game, and is not covered under the threshold exception, the player may not pitch in the second game that day.

- f. The home team will provide an official pitch count recorder. The pitch count recorder will use the pitch count sheet provided by District 8. The pitch count recorder will sit near the official scorekeeper, preferably behind the backstop where they will be easily accessible by the plate umpire.
- g. The pitch count recorder must provide the current pitch count for any pitcher when requested by either manager or any umpire. However, the manager is responsible for knowing when his/her pitcher must be removed.
- h. The pitch count recorder should inform the umpire when a pitcher has reached his/her maximum pitches for a game. The umpire shall inform the pitcher's manager that the pitcher must be removed. However, failure by the pitch count recorder to notify the umpire, or failure by the umpire to notify the manager, shall not relieve the manager of his/her responsibility to remove a pitcher when that pitcher is no longer eligible.
- i. Violation of any section of this rule can result in protest of the game in which it occurs. Protest shall be made in accordance with Playing Rule 4.19.

## 2025 Interlock Supplementary Rules

### Notes:

1. The withdrawal of an ineligible pitcher after that pitcher is announced, or after a warm-up pitch is delivered, but before that pitcher has pitched a ball to a batter, shall not be considered a violation. All managers, coaches, umpires, scorekeepers, pitch counters, and spectators are encouraged to prevent protest situations from arising. When a protest situation is imminent, time should be called and the potential offender should be notified immediately.
  2. Pitches delivered in games declared "Regulation Tie Games" or "Suspended Games" shall count against a player's eligibility to pitch. In suspended games resumed on another day, the pitchers of record at the time the game was halted may continue to pitch to the extent of their eligibility for that day, provided said pitcher has observed the required days of rest.
  - j. Each team manager must carry an up-to-date pitching control log, and make it available at the beginning of each game for inspection by the opposing team manager or Interlock or league official. Printable sheets will be provided by District 8 for the pitching control log.
  - k. Pitchers attending tournaments or playing in 'special games' with their regular season team, or participating on Little League Travel Teams must adhere to Little League Pitching Rules going in and coming out of special games or tournaments.
  - l. Violation of pitching regulations will be considered grounds for forfeit by the team found to be in violation. Furthermore, repeated violations or violations found to be intentional, may result in the **offending manager and/or coach(es) being suspended or removed.**
- 6. Intentional Walk**  
Should the defense elect to intentionally walk a batter this must be announced to the plate umpire. The request may be made prior to or during the at-bat. Such notification must be made by the defensive manager. The manager must request and be granted time by the umpire and then inform the umpire of the defense's intent to walk the batter. The ball is dead, and no other runners may advance unless forced by the batter's award. The appropriate number of balls needed based on the count on the batter at the time of the manager's request to complete the intentional walk will be added to the pitch count. A player may only be intentionally walked by announcing such decision to the home plate umpire one time during the course of the game. This would not restrict a team from throwing four balls outside of the strike zone to this batter at another time during the game.
- 7. All Bat Rule**  
All players present for the game shall be placed in the batting line-up and will bat throughout the game in that batting order, regardless whether they are playing defensive innings or not. Players arriving late must be added to the bottom of the batting order. The batting order cannot otherwise be changed during the game.
- If a player is unable to bat (injured or ejected) his spot in the order will simply be skipped. If a player is injured while on the bases, the player who was the previous out for the team at bat shall take the place of the injured player on the bases.
- 8. Courtesy Runner**  
A 'courtesy runner' may be utilized for the pitcher or catcher when there are two (2) outs. The courtesy runner must be the player in the batting order who made the last out. The runner substituted for must start the next half inning in the position of pitcher or catcher unless injured, ejected or otherwise out of the game.
- 9. Run Limit**  
All Divisions: Five (5) run limit per inning, with the final inning (the 7th inning or as otherwise declared by the plate umpire due to time limit) and all extra innings being open (three outs must be made by the defence).
- 10. Mercy Rule**  
15-run rule will be in effect after 4 complete innings, 3.5 innings if the home team is ahead.  
10-run rule will be in effect after 5 complete innings, 4.5 innings if the home team is ahead.  
8-run rule will be in effect after 6 complete innings, 5.5 innings if the home team is ahead.

The umpire will be the official timekeeper or shall designate another person at the game to perform this task. Note that extra innings are to be played in the event of a tie game at the end of seven innings, provided time limit has not been reached.
- b. Playoff Games: 2 hour and 15 minute time limit still applies, however there can be no tie games in playoffs. Extra innings must be played to break a tie game which reaches time limit. ### 18. Replacement Coaches

Only the team manager and two coaches that appear on the official league roster for a team may be on field or in the dugout during a game. The individual replacing the rostered manager or coach must complete volunteer screening with the local league.

### 19. Call-up Players

A maximum of two call-up players may be used as replacement players for a game, and they may not be used in consecutive games by any one team. Call-up players must be noted on the line-up card and bat last. Call-up players may not pitch and may not be used for playoff games.

**Note:** This is to be used as a measure to ensure that games can be played and are not forfeited. It is not to be used as a means to manipulate game results. Both teams are encouraged to keep score and pitch count and compare regularly throughout games.

### 22. Regular Season Standings

Teams will receive two (2) points for a win, one (1) point for a tie and no points for a loss. Standings on the District 8 website may not reflect this, however a manual calculation at the end of the regular season will be done to determine playoff seeding.

The Interlock Coordinator and the Team Managers involved will find an available timeslot to reschedule the cancelled game.
